

Greetings from the MiTy/MiTy Kids team!

A MESSAGE FROM THE PRINCIPAL INVESTIGATOR

We are pleased to announce that we have received bridge funding from CIHR, and will be able to produce new drug with a later expiration date. While we are happy to be able to extend the recruitment timeline, we still need to recruit as many new participants as possible with the drug currently in stock. Thank you for all your hard work so far this year; if we continue at this rate, we can surpass our 2016 total!
